Ofoq, 2012. Paperback. Condition: New. Language: Persian-Farsi . Brand New Book ***** Print on Demand *****. Giants, Ogres, and monsters; these are the creatures children tend to fear the most, or even like the most. Giants are careless, sometimes brutal, and always huge beings; scary and funny at the same time. Children, at any age, are fascinated by the presence of fantasy creatures in literary works, which are complimented by interesting illustrations. In many folklore tales, giants are ugly, horrible, and cruel. Thus many children are scared of them by nature. Some other children, who have strong power of imagination, try to get to know these creatures from another point of view. They try to become friends with the, they try to train them, and some try to fight them off their lands, which is mostly their own rooms. Our author and illustrator have overcome their childhood fears but they have carried their creativity and innovation to the present, and the result of such transition, is the present book. In this book, people of one city live with different kinds of giants, they learn to like them, they learn to co-exist with them, and sometimes, they learn to kick the giant out of their city. In this book, there is no room for old scary myths about giants. It is fun to read and fun to watch, and above all, it is a different experience about giants and children s reaction to them.
