Ninth Annual Introductory Address, Delivered Before the Class of the Medical Department of the University of Nashville, November 7, 1859 (Classic Reprint) (Paperback)

By Charles K Winston

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Ninth Annual Introductory Address, Delivered Before the Class of the Medical Department of the University of Nashville, November 7, 1859 A great difficulty connected with this subject, as already intimated, is, that the action of medicine is a perfect mystery, especially to the uninformed. Hence priestcraft and witchcraft have been invoked, and a seventh son has been preferred to the most erudite physician. There is nothing in the appearance or the physical qualities of opium, or ipecac., which would indicate that the one would act upon the brain and the other upon the stomach. These facts are only known from observation. And we forget that in medicine, as any where else in nature, for every effect there must not only be a cause, but an adequate cause; and that consequently such medication as can of necessity produce no physiological change, can at all relieve disease, and that the therapeutical effect of a remedy is but the result of its physiological action. This point I think has been greatly obscured by establishing a difference between the therapeutical and physiological effects of...
