STUDY OF TGF- AND EGFR EXPRESSION IN THYROID CANCER

Tahani Abduljabbar Al Baaj
Study of TGF- α and EGFR
Expression in Thyroid
Cancer
By Immunohistochemistry Assay

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | By Immunohistochemistry Assay | Thyroid gland is one of the most significant endocrine glands in the human body. This gland may be affected by different diseases including thyroid cancers and benign diseases. Thyroid cancer is the ninth widespread cancer, and women are two to three times more likely to develop it than men. The understanding of molecular events are still unknown yet, this may be because of more complications in this disease....
