Amazon Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. 2013 winner FFP s Prism Award for Published Authors--Best First Book Deep within the primeval forests of southern England, a race of beautiful, savage shape-shifters lives hidden from the everyday world. Bound together by ancient bloodlines and a ruthless code of secrecy that punishes traitors with death, the Ikati send their leader Leander on a mission to capture one raised outside the tribe before she can expose their secret. When Leander tracks the unsuspecting outsider to Southern California, the hardened warrior is prepared for a fight--but not for the effect the sensual young beauty has on his heart. Jenna spent her childhood in hiding, on the run from someone--or something--her parents refused to discuss. She trusts no one, not since her father s mysterious disappearance, not since her mother s sudden death, and definitely not since she began exhibiting strange, superhuman abilities. When handsome, enigmatic Leander appears, promising answers to the mysteries that shroud her past, she knows she shouldn t trust him either. But their connection is undeniable, and as powerful as the enemy hell-bent on destroying every one of their kind.
