

Enlightened Aid: U.S. Development as Foreign Policy in Ethiopia

By Amanda Kay McVety

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Enlightened Aid: U.S. Development as Foreign Policy in Ethiopia, Amanda Kay McVety, Enlightened Aid is a unique history of foreign aid. It begins with the modern concept of progress in the Scottish Enlightenment, follows its development in nineteenth and early twentieth-century economics and anthropology, describes its transformation from a concept into a tool of foreign policy, and ends with the current debate about aid's utility. In his 1949 inaugural address, Harry Truman vowed to make the development of the underdeveloped world a central part of the United States government's national security agenda. This commitment became policy the following year with the creation of Point Four—America's first aid program to the developing world. Point Four technicians shared technology, know-how, and capital with thirty-four nations around the world. They taught classes on public health and irrigation, distributed chickens and vaccines, and helped build schools and water treatment facilities. They did all of it in the name of development, believing that economic progress would lead to social and political progress, which, in turn, would ensure that Point Four recipient nations would become prosperous democratic participants in the global community of nations. Point Four...

Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.
