## Mixed-media Jewellery: Methods and Techniques (Design and Make)

By Joanne Haywood

Bloomsbury, 2009. Soft cover. Condition: New. New & dispatched within 1 working day \_\_\_\_\_  
 Design and Make Mixed Media Jewellery provides a thorough and comprehensive introduction to a wide range of materials and techniques that you need to get started in this exciting area of jewellery making. This book will help jewellers of all levels learn and adapt a wide range of techniques and skills to various types of materials through a series of making sequences, and learn how to incorporate these within their own designs. Materials covered include silver, paper, metal leaf, polypropylene, cover buttons, beads, tin cans, found objects, printed images, willows, yarns, felt, fishing latex elastic, wood and polymer clay. The making sequence includes twelve projects using mixed media methods.

### Reviews

*Thorough information! Its this kind of very good read. It is written in basic words and not hard to understand. You wont feel monotony at anytime of your respective time (that's what catalogues are for regarding should you question me).*

-- **Roel Bogisich Sr.**

*I actually started out looking at this book. It really is rally interesting through studying time period. I am just happy to inform you that here is the greatest ebook i have read through within my personal daily life and could be he best book for possibly.*
