

Microcontroller Camera: A Robotics Application in Fuzzy Logic

By Ali Nekourouh

LAP Lambert Acad. Publ. Feb 2010, 2010. Taschenbuch. Condition: Neu. Neuware - Since its introduction to the industry, Fuzzy Logic has evolved and become one of the main field of studies for artificial intelligence. Its parametrized formulation along with its fuzzy algorithm and system behaviour have been an inspiration to the author of this book for using a microcontroller based camera as an application to show its use. It is a book where all including conceptual, theoretical and practical phases have been gathered all under the same roof. 104 pp. Englisch.
