The Bureau of Preternatural Relations and Control was formed when an incident at a particle collider tore a rift in the space/time continuum. Now all of Earth s legendary creatures and monsters exist in our reality . and most are very, very dangerous. In this second book of the series Files of the BPRC, Agent Liam Sullivan and his partner are joined by Liam s former mentor and a rather attractive cryptojournalist/researcher on their mission to stop a maniac that seems to be controlling werewolves and using them with deadly efficiency. It s up to Agent Sullivan and company to stop this grave threat before they too are hunted down. Also, check out the first book of this series: The Feral Breed for more preternatural hunting action.
