paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2012-09-01 Pages: 170 Publisher: Beijing Institute of Technology Press title: programmable controller application technology List Price: 26.00 yuan Author: Publisher: Beijing Institute of Technology Press Publication Date: 2012 ISBN: 9787564059323 Words: Sept. 1 Page: 170 Edition: 1st Edition Binding: Paperback: Weight: 240 g Editor's Summary Yin Gang programmable controller application technology to strengthen the skills of students objective and engineering practice. the integration of the business needs as one of the industry standard. the actual working process of the introduction of teaching content. focuses on training students the ability to analyze and solve practical problems. Programmable controller application technology. including electrical controls and programmable controller applications in two parts. 1 and 2 and the project for the electrical control part introduces the commonly used low-voltage electrical structure. working principle. graphical and electrical symbols; typical control aspects of the electrical control system; motor control project training. Chapter 3 to Chapter 7. and project to project as part of the programmable controller applications. Part a OMRON minicomputers in the P-type machine and CP1A PLC systematically explained the structure of the programmable controller. working principle. hardware configuration. and command system. explain in detail the design of PLC control system. the common PLC typical circuit do detailed introduction. and cited a wealth of application examples. Programmable controller application technology. easy to understand language. content arrangement progressive approach. linking theory with practice. and to strengthen the students' knowledge proficiency training. through the project and task training. Each chapter comes with exercises. to facilitate teaching and self-learning. Programmable controller application technology as institutions of higher learning production process automation technology. electrical automation technology. power system automation technology. mechatronics technology. numerical control technology and...
