Reviews

Completely essential read through publication. It normally does not expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

With a divorce from her cheating husband of ten years pending and her high-profile broadcasting career abruptly ended by TV executives who wanted a younger face, Alison Reynolds feels there s nothing keeping her in LA any longer. Summoned back home to Sedona, Arizona, by the death of a childhood friend, she seeks solace in the comforting rhythms of her parents diner, the Sugarloaf Cafe, and launches an on-line blog as therapy for others who have been similarly cut loose. But when threatening posts begin appearing, Ali finds out that running a blog is far more up-close and personal-and far more dangerous-than sitting behind a news desk. Suddenly something dark and deadly is swirling around her life. And now Ali is a target.and marked for death.
