

In Denial: Code Red

By Andre Jacques Brisson

Whitenoise Laboratories (Canada) Inc., United States, 2010. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In Denial: Code Red is a fictional look at the consequences of the failure of the internet and communications. Dreamers Jacques Tetu and Stephane Creusat, a quadriplegic, have created the first exponential, quantum computing secure, identity based cryptosystem that can secure the Internet and eliminate cyber crime. They sustain themselves with a security consulting business and by teaching security courses at a local technical college. Unbeknownst to them, they are at the center of an international maelstrom and operatives from the global superpowers are trying to steal the technology to further their own cyber warfare goals. In the murky world of cybersecurity, defense and intelligence, Tetu is unable to see that the endless roadblocks driving his business and technology into the ditch are being orchestrated by governments and unscrupulous business competitors. Endless legal costs, punitive tax policies, and professional intrigue are relentless and Tetu breaks down under the pressure and develops logic cataracts. He cannot understand why their breakthrough technology is not being adopted. In a stunt that even he could not have originally imagined,...
