7 SIMPLE STRATEGIES OF HIGHLY EFFECTIVE TRADERS: WINNING TECHNICAL ANALYSIS STRATEGIES THAT YOU CAN PUT INTO PRACTICE RIGHT NOW (PAPERBACK)

[DOWNLOAD](#)

Harriman House Publishing, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book. This is a practical guide to the straightforward and winning strategies of successful traders. Trading is best kept simple and focused - that is the way to win. The most successful traders will tell you that they use only a small number of strategies, applying them time after time. A common mistake of losing traders, however, is to overly complicate what they do, using many different strategies at one time, or leading a never-ending search for new strategies. In 7 Simple Strategies of Highly Effective Traders, Alpesh Patel and Paresh Kiri provide a practical guide to seven technical analysis trading approaches that are simple, effective and easy to put into practice. These are the kind of strategies professional traders use to manage their trading. Throughout, readers will benefit from the trading insight and expert chart commentary of two vastly experienced traders. Included are strategies for breakout with volume, event trading, mean reversion, moving averages, short-term day trading, and more. The strategies can be used on a wide range of instruments, from equities to forex, bonds and commodities. Most of the approaches can also be used equally on UK, US or international markets. Don't waste money cycling through strategies, pursuing the Holy Grail - follow the winning approach of the pros and keep things simple.
