HarperCollins Publishers (Australia) Pty Ltd, Australia, 2003. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. There is only one concept to grasp and only one action to take: Eat more living food than dead food. The simplicity of this message has eluded people up to now. In fact, it may seem oversimplified. Because of past frustrations and disappointments, people have come to believe that losing weight is complicated, difficult and expensive. Truth be told, all that is required to reap the myriad benefits of Harvey Diamond s program is to return to the fundamentals of life. The human body is intelligent and capable beyond anyone s comprehension, but in order to unleash this extraordinary intelligence-including that which normalizes body weight-the proper fuel is required. As readers embark on this life-changing journey, they will experience the surge of energy and well-being that only comes as the automatic result of properly fueling their bodies. Providing deliberate, gentle and forgiving guidance every step of the way, this book will become readers trusted source and companion as they create a new way of eating and living, which will lead to both overweight and poor...
