

## Neural Network Applications: Proceedings of the Second British Neural Network Society Meeting (Ncm91), London, October 1991

Filesize: 9.36 MB

### **Reviews**

*Very helpful to any or all category of men and women. It is definitely simplified but unexpected situations within the 50 % of your publication. I am very easily could possibly get a pleasure of reading a composed ebook.*  
(Dr. Therese Hartmann Sr.)

## NEURAL NETWORK APPLICATIONS: PROCEEDINGS OF THE SECOND BRITISH NEURAL NETWORK SOCIETY MEETING (NCM91), LONDON, OCTOBER 1991

DOWNLOAD PDF

Springer. Paperback. Condition: New. 156 pages. Dimensions: 9.5in. x 6.7in. x 0.4in. Neural Network Applications contains the 12 papers presented at the second British Neural Network Society Meeting (NCM 91) held at Kings College London on 1st October 1991. The meeting was sponsored by the Centre for Neural Networks, Kings College, and the British Neural Network Society, and was also part of the DEANNA ESPRIT programme. The papers reflect the wide spectrum of neural network applications that are currently being attempted in industry and medicine. They cover medical diagnosis, robotics, plant control, machine learning, and visual inspection, as well as more general discussions on net learning and knowledge representation. The breadth and depth of coverage is a sign of the health of the subject, as well as indicating the importance of neural network developments in industry and the manner in which the applications are progressing. Among the actual topics covered are: Learning algorithms - theory and practice; A review of medical diagnostic applications of neural networks; Simulated ultrasound tomographic imaging of defects; Linear quadrees for neural network based position invariant pattern recognition; The pRTAM as a hardware-realisable neuron; The cognitive modalities (CM) system of knowledge representation - the DNA of neural networks This volume provides valuable reading for all those attempting to apply neural networks, as well as those entering the field, including researchers and postgraduate students in computational neuroscience, neurobiology, electrical engineering, computer science, mathematics, and medicine. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
