Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. A practical guide to traveling efficiently and pleasantly with a young one in tow, *Traveling with Angelika* will give new parents the courage to venture out. New mothers and fathers can learn how visiting new places and people can stimulate the development of the little one. It is based on the real-life experiences of author Agnes Wegner who has ventured to new cities and crossed international borders with her child. Light and humorous, Wegner understands that for all the joy a new baby brings, the constrictions on a parent's freedom can sometimes be burdensome. Her book shows parents how to travel again in a way that is safe and fun for their child while allowing mom and dad to reconnect with friends, family, and the larger world they miss out on while caring for their little loved one. Wegner discusses all forms of travel from long distance treks by plane, trains, and automobiles to simple walks through the neighborhood. Realizing that even a trip to a local supermarket can stress new parents out, Wegner hopes to prepare readers by sharing her adventures with Angelika in all their mishaps, humor, and glory. Whether it is a visit to the doctor or a trip to another continent, the author has made the journey with her young child. "The right attitude is a must," says Wegner. "The unexpected happens more than it does not." The book even prepares parents for later in life, when friends and family may be taking care of their child, and they find themselves dealing with the separation anxiety of having to learn again how to travel without a baby. The book will teach the reader how to laugh...
