Learn how to achieve optimal living, take charge of your health, make progress in your career (both satisfaction and income), improve your relationships (romantic, family, and work), learn the seven ways to take care of your financial self, create a family of choice (not just your family of origin), establish a positive role in your local community, and achieve a satisfying and joyous spirituality. Case studies based on an amalgamation of actual experiences in clinical practice end each chapter, giving you examples (disguised for confidentiality of client information) of how to apply the principles of self-empowerment to real life. Self-Empowerment: Have the Life You Want! is based on Ken Howards more than 18 years of counseling, psychotherapy, and coaching in his private practice office and his experience with thousands of clients (individuals, couples, and groups) in hospitals, agencies, and community organizations. While many self-help books are written by well-meaning, non-professional individuals, this one is written by an actual licensed psychotherapist who is currently in practice in California.
